Powdered laundry detergent for commercial and institutional use

Product # 0103

Product Information:

This non-phosphate powdered laundry detergent works well for all-around laundry detergent applications. A highly active blend of low suds wetting agents, soil suspending agents, and organic water conditioning components allows this product to perform well in either hot or cold water. It is free rinsing and contains optical brighteners that leave fabrics looking radiant and new. A built-in lemon scent provides fabrics with lasting freshness

Directions:

1. Sort laundry prior to wash. 2. Pre-soak and/or pre-spot laundry when necessary. 3. Place proper amount of soiled linen into laundry machine. 4. During the wash cycle, use 30 - 90 g of product per load. If soils are heavy, more detergent may be required. NOTE: Concentrations may vary due to environmental conditions and load size.

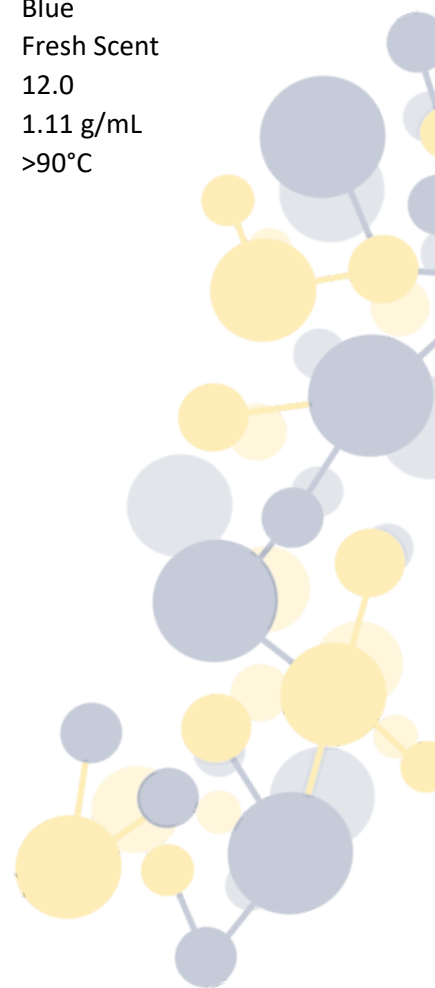

Product Specifications:

State:	Powder
Colour:	Blue
Scent:	Fresh Scent
pH (1%):	12.0
Specific Gravity:	1.11 g/mL
Cloud point (1%):	>90°C

Packaging

Available in:

12 x 1 L	Box
4 x 4 L	Box
20 L	Pail
205 L	Drum
1000 L	Tote
