

# Technical Data Sheet Eliminator 42

Disinfectant/Cleaner

#### Product # 0602

## Effective against Adenovirus Type 2 and likely to kill <u>SARS-CoV-2 (the virus that causes COVID-19)</u>

#### **Product Information:**

DIN Registered. This lemon scented quaternary ammonium chloride based degreaser/disinfectant is designed for use as a disinfectant for general household use, schools, food processing plants, and light industrial and hospital cleaning applications. It is also recommended as a sanitizer for restaurants, dairies, food processing plants, and bars. At a dilution of 1:42 this product effectively kills Pseudomonas aeruginosa PRD-10, Escerchia coli, Enterobacter aerogenes, Brevibacterium ammoniagenes, Streptococcus faecalis, Klebsiella pneumoniae, Shigella dysenteriae, Salmonella schottmuelleri, Staphylococcus aureus, Staphylococcus salivarius, Methicilin resistant Staphylococcus aureus (MRSA), Vancomycin resistant Staphylococcus aureus (VRSA), Streptococcus pyrogenes, Trychophyton mentagrophytes, Influenza A2/Asian, Herpes simplex type 1, Adenovirus type 2, vaccinia virus, Norwalk virus, Avian Influenza virus Type A H9N2. This product can also be diluted at 25 mL per 4 L to be used as a sanitizer. This product deodorizes those areas which are generally difficult to keep fresh smelling, such as garbage bins, toilet bowls, and any other areas prone to odours caused by micro-organisms.

#### **Directions:**

DISINFECTION: Add 23.5 mL per L of water (1:42) for disinfecting hard nonporous surfaces. Apply with a mop or sponge. For toilet bowls, add 40 mL of product to the bowl. Allow to sit for 10 minutes before rinsing or flushing. Use a pre-cleaning step on heavily soiled areas. Food contact surfaces must be rinsed with potable water before reuse. SANITATION: Prepare a 200 ppm solution by adding 25 mL to 4 L of water. Apply with a mop or sponge. Let sit for at least 60 seconds before removing. Prepare a fresh solution for each use. No potable rinse is required when using as a sanitizer. MILDEWSTAT: To control mildew on non-porous surfaces, add 23.5 mL to 1 L of product. Apply with a mop or sponge and let air dry. Apply weekly intervals or when mildew growth reappears. Prepare a fresh solution for each use. DIN: 02247715 CFIA Approved

#### **Product Specifications:**

| State:           | Liquid   |
|------------------|----------|
| Colour:          | Yellow   |
| Scent:           | Lemon    |
| pH:              | 11.5     |
| Specific Gravity | 1.02 g/m |

#### **Packaging**

| Available in: |      |  |
|---------------|------|--|
| 12 x 1L       | Box  |  |
| 4 x 4 L       | Box  |  |
| 20 L          | Pail |  |
| 205 L         | Drum |  |
| 1000 L        | Tote |  |
