# Technical Data Sheet

## Enzyme Digester

Organic Waste Degradar

Product # 0814

### **Product Information:**

This product is a liquid, cherry scented concentrate of specially selected bacterial strains combined with free enzymes. These enzyme catalysts work synergistically for the fastest action available in a liquid digester. This product digests and removes stains caused by oil, grease, starch, and urine. It offers instant masking of odours while the bio-enzymatic formulation permanently eliminates the source of the odours.

### **Product Information:**

This product is ready to use or can be diluted with up to 5 parts water. Pre-clean to remove surface soil. To remove odour, pour product directly on spot, wet thoroughly, let stand for 5 minutes, and then blot with a towel. For thorough cleaning use 225 - 450 mL per 4.5 L of water in bonnet or extraction machine after the fabric has been cleaned using a carpet detergent. Shake well before use.

### **Product Specifications:**

State:	Liquid
Colour:	Tan
Scent:	Cherry
pH:	7.0
Specific Gravity	1.00 g/mL
Cloud point:	>100°C

### **Packaging**

Available in:

12 x 1 L	Box
4 x 4 L	Box
20 L	Pail
205 L	Drum
1000 L	Tote
