Jet Blast

Car wash detergent

Product # 0303

Product Information:

This concentrated liquid car and truck wash detergent safely removes dirt, oil, road grime, and haze from all vehicle surfaces. This alkaline detergent produces moderate foam that allows for excellent adhesion to all types of surfaces, thereby aiding in the removal of the toughest soils. Its mild cherry scent and easy rinsing are two additional features that make this detergent a very popular choice for self service high pressure wash applications.

Directions:

For most pressure washer applications, use a dilution ratio 1 part product to 100 parts water. Use this ratio as a starting point to determine what feed ratio will produce the desired cleaning. Dilutions may vary depending on water conditions and the nature of the soil.

Product Specifications:

State:	Liquid
Colour:	Red
Scent:	Cherry
pH:	12.0
Specific Gravity	1.11 g/mL

Packaging

Available in:

12 x 1 L	Box
4 x 4 L	Box
20 L	Pail
205 L	Drum
1000 L	Tote
