Liqui-Zyme

Organic Waste Degradar

Product # 0621

Product Information:

This product is a liquid, cherry scented concentrate of specially selected bacterial strains which are combined with free enzymes. These enzyme catalysts work synergistically for the fastest action available in a liquid organic waste degrader. The product's performance as an all purpose waste degrader and odour suppressant is unsurpassed. The enzymatic activity accelerates the conversion of organic material into soluble compounds and results in superior biological degradation rates. 100% biodegradable.

Product Information:

This product is ready to use and contains 100 billion bacteria count per gallon. Initial shock treatment and daily application will depend upon the size of the system and the type of waste. Shake well before using.

Product Specifications:

State:	Liquid
Colour:	Green
Scent:	Cherry
pH:	7.0
Specific Gravity	1.00 g/mL

Packaging

Available in:	
12 x 1 L	Box
4 x 4 L	Box
20 L	Pail
205 L	Drum
1000 L	Tote
