Technical Data Sheet

Oxy Bleach RTU

Coloursafe bleaching agent

Product # 0112

Product Information:

This ready-to-use oxygen bleaching agent is specially formulated for use on synthetic fabrics and coloured laundry. It may be safely used with enzyme pre-soaks or regular laundry detergents. Its exceptional mildness allows it to be added directly to the laundry during the filling operation. This product can be used in all temperatures, but provides ultimate bleaching and cleaning in hot solutions. A built-in lavender fragrance gives fabrics a lasting freshness.

Directions:

As a bleaching agent for laundry applications, use 100 - 200 mL per load. As a stain remover apply product directly to stain area, let stand for 5 - 10 minutes, and then wash as per normal. To use this product as a pre-soak for treating heavily stained fabrics, mix 150 mL of product per L in a plastic tub. Soak the stained fabric.

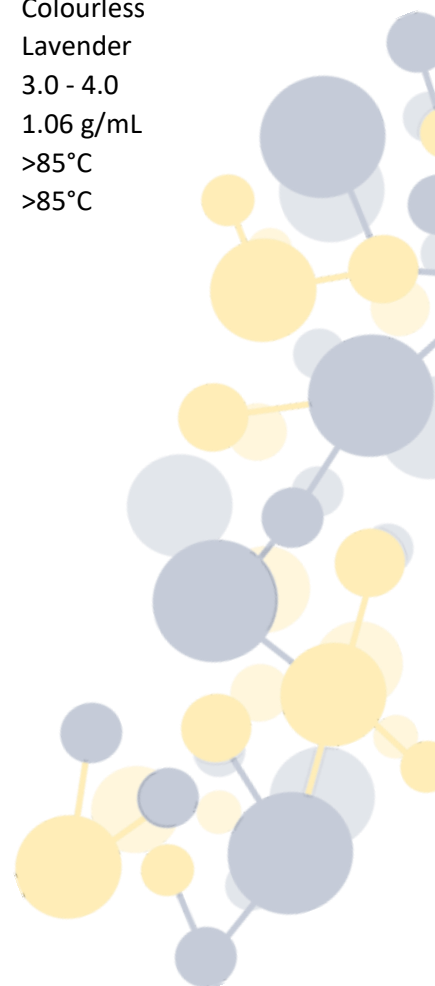

Product Specifications:

State:	Liquid
Colour:	Colourless
Scent:	Lavender
pH:	3.0 - 4.0
Specific Gravity	1.06 g/mL
Cloud point:	>85°C
Cloud point (1%):	>85°C

Packaging

Available in:

12 x 1 L	Box
4 x 4 L	Box
20 L	Pail
205 L	Drum
1000 L	Tote
