Pro Bowl +

Toilet bowl cleaner

Product # 0604

Product Information:

This powerful 24% hydrochloric acid based cleaner is designed for routine cleaning of ceramic toilet bowls and urinals only. It effectively removes heavy lime, rust, scum, and common organic soils that are usually present. This product controls odour by removing lime and mineral film which can clog flush or spray openings.

Directions:

Due to the corrosive nature of this product, appropriate PPE must be worn at all times. To clean and sanitize toilet bowls and urinals, remove water from bowl by forcing it over the trap using a swab mop. Saturate mop with cleaner to wet all surfaces thoroughly. It is important to swab under rim of bowl or urinal to clean water outlets. Allow cleaner to sit for at least 10 minutes until rust, scale and stains are loosened. Rinse by flushing.

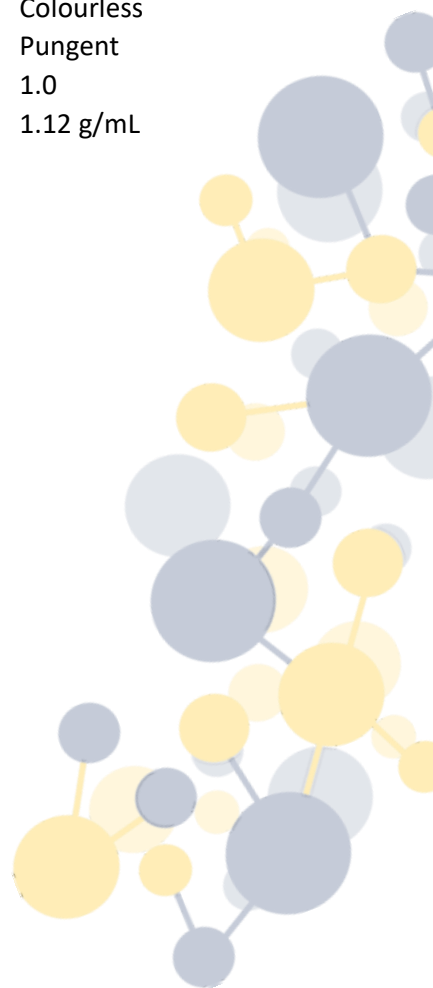

Product Specifications:

State:	Liquid
Colour:	Colourless
Scent:	Pungent
pH:	1.0
Specific Gravity	1.12 g/mL

Packaging

Available in:

12 x 1L	Box
4 x 4 L	Box
20 L	Pail
205 L	Drum
1000 L	Tote
