Technical Data Sheet

Protocol K-300

All Purpose Cleaner

Product # K-300

Product Information:

ENVIRONMENTALLY FRIENDLY. CFIA APPROVED. Endorsed by the Green Restaurant Association. Protocol K-300 carries the Ecologo signifying certification by Canada's Environmental Choice Program, under the C.E.P.A.. K-300 is an all purpose cleaner designed specifically to quickly penetrate dirt, oil, grease, pigments, and other everyday soils. A unique and carefully chosen blend of non-ionic surfactants and biodegradable builders enables K-300 to outperform traditional water soluble cleaners when used comparatively. For specific use in food plants, see directions.

Product Information:

Apply solution using a sprayer, sponge, pressure washer, or brush. Let stand for 10 - 30 seconds. Some agitation may be required. Wipe with a damp cloth or rinse with water. Dilution rates (K-300: Water): Light soil - 1:10, Medium soil - 1:5, Heavy soil - use undiluted. Please refer to our dilution chart for more detailed information. Food contact surfaces must be rinsed with potable water before reuse.

Green Certification

Product Specifications:

State:	Liquid
Colour:	Pale yellow
Scent:	Odourless
pH:	11.0
Specific Gravity	1.03 g/mL
Cloud point:	>100°C

Packaging

Available in:	
12 x 1 L	Box
4 x 4 L	Box
20 L	Pail
205 L	Drum
1000 L	Tote
