# Technical Data Sheet

## Laundry Bleach

Laundry detergent for commercial and institutional use

Product # 0110

### **Product Information:**

This product is a quality checked 12% sodium hypochlorite solution which acts as an excellent bleaching agent for sanitizing and deodorizing in a wide variety of applications.

### **Directions:**

1. Sort laundry prior to wash. 2. Pre-soak and/or pre-spot laundry when necessary. 3. Place proper amount of soiled linen into laundry machine. 4. During the wash cycle, feed product directly from shipping container. 5. For manual feed, use 60 - 120 mL per load. If soils are heavy, more bleach may be required. NOTE: Concentrations may vary due to environmental conditions and load size. Your laundry specialist will adjust the bleach required to meet your needs. WARNING: At higher temperatures bleach oxidizes at an increased rate and can cause damage to fabrics. Recommended for use at low temperatures only.

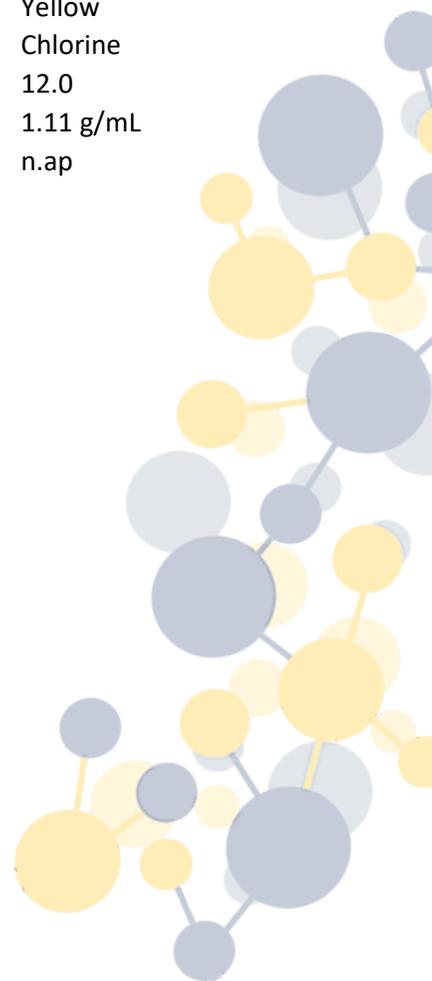

### **Product Specifications:**

State:	Liquid
Colour:	Yellow
Scent:	Chlorine
pH:	12.0
Specific Gravity	1.11 g/mL
Cloud point:	n.ap

### **Packaging**

Available in:

12 x 1 L	Box
4 x 4 L	Box
20 L	Pail
205 L	Drum
1000 L	Tote
