# Technical Data Sheet

## Yucca JumpStart ST

Seed Treatment

Product # 0639

### Product Information:

Yucca Jump Start ST the pure, natural extract of the Mohave Yucca Plant (*Yucca schidigera*) and is specially formulated for seed treatment. Yucca Jump Start ST is a superior natural wetting agent that can replace common agri-chemical surfactants. Additionally, the steroidal saponins provide multi-functional aide to a wide range of agriculture applications. Yucca Jump Start ST stimulates plant growth by:

- Natural steroidal action
- Increasing cell wall permeability
- Improves soil conditions by:
- Increasing microbiological activity
- Leaching of salts
- Reduction of nitrate accumulation

### Directions:

**Seed treatment:** Treat all pulse crop seeds (peas & lentils) and cereal crop seeds (durum wheat and Barley). Do not treat canola seeds. For pulse crops, treat seeds at a rate of 4.5 ounces (127 mL) per bushel. For cereal crops, treat seeds at a rate of 6.5 ounces (184 mL) per bushel. Per acre treatment will depend on the number of bushels per acre.

### WHMIS Classification

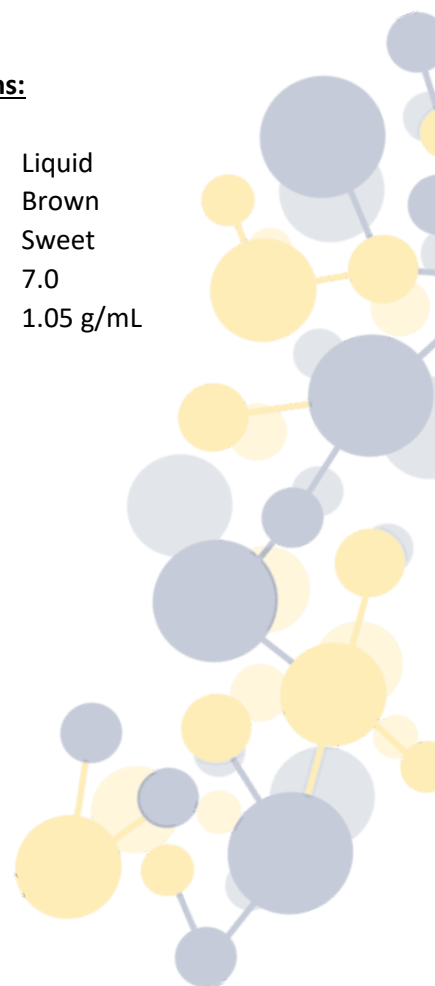

Not WHMIS Regulated

### Product Specifications:

State:	Liquid
Colour:	Brown
Scent:	Sweet
pH:	7.0
Specific Gravity	1.05 g/mL

### Packaging

Available in:	
20 L	Pail
205 L	Drum
1000 L	Tote
